

SLAP FOR CENTRAL COMMITTEE KUHIO PLAYS SHREWD TRICK

**Agrees to Hold Meeting
to Endorse National
G. O. P. Ticket.**

**Prince's Followers Break
Away From the Party
Organization.**

(From Monday's Advertiser.)
Following failure upon the part of the territorial central committee to call a ratification mass meeting to endorse Taft and Sherman as the Republican candidates for President and Vice President, the followers of Prince Kuhio, Delegate to Congress, have boldly thrown down the gauntlet in challenge to the official head of the Republican party in Hawaii and have issued a call for such a meeting to be held in Aala Park tomorrow evening at half-past seven o'clock.

The positive meaning of this call, according to those well informed, is that those local leaders in the party who are in more or less opposition to the business men as represented by the mass meeting on the roof of the Young Hotel recently, who endorsed J. M. Dowsett for Delegate to Congress, have broken loose from the official party organization and have joined the issue with the central committee and in defiance of it to arrange all the details and another committee specially appointed to see the speakers who have been asked to be present.

Meet at Waikiki.
At a meeting held yesterday at Waikiki, it was resolved to hold this meeting and issue an official call. At the same time a committee was appointed.

Among those who will speak are Prince Kuhio, Senator Chillingworth, John C. Lane and, probably, Internal Revenue Collector Charles Cottrill. A special committee has been appointed to see Mr. Cottrill and request him to be one of the speakers at this meeting, and it is stated that he will accept. The official call issued for this meeting and signed by John C. Lane as chairman, and James H. Hukule, as secretary, and endorsed by J. Kuhio Kalaniana'ole, Delegate to Congress.

Official Call.
Whereas, the Republican central committee has been duly requested by resolution by organized Republican precinct authority to call a mass meeting of the Republicans of the city and county of Honolulu, for the purpose of ratifying the nomination of W. H. Taft and James S. Sherman as the Republican candidates for President and Vice President respectively, of the United States, and whereas, said central committee has failed to comply with the request, notwithstanding that Republican custom justifies action of this nature; and whereas, local Republican sentiment urges the Republicans to show the spirit of loyalty to the national leaders particularly due to the great principles which they stand and labor for, which principles form the basic cause of our country's prosperity.

Therefore be it resolved, by this meeting, consisting of one hundred and forty-two members of the Republican party, that the Delegate to Congress, Honorable J. K. Kalaniana'ole, be requested to call said mass meeting on Tuesday, August 20, 1912, at Aala Park, at seven-thirty p. m., for the above purpose, and also for the purpose of enabling him to make his stand regarding local issues known to the rank and file of the Republican party and.

Resolved further, that a committee consisting of A. D. Castro, C. G. Bartlett, C. F. Chillingworth, R. W. Breckons, S. P. Correa and Eli J. Crawford be hereby appointed to join and assist the Delegate in this call.

Cooper Gives Reasons.
Chairman A. D. Cooper of the Territorial central committee stated yesterday that he had had no knowledge of the call for this mass meeting, and that there is no reason for the attack on the central committee, as the committee considers there were at least three good reasons why such a ratification mass meeting at this time is unequalled for.

First, as the Territorial convention will be held on September 16, after which would be the best time for a ratification meeting, when the local candidates, as well as the presidential, could be all endorsed.

Second, that as the Territory has no electoral vote such a meeting as called simply serves to widen any possible split in the Republican party in Hawaii, and gives local candidates a chance to infuse their personal equation at the meeting.

Third, the committee considers that in view of the fact that the Territory has no electoral vote it is good policy not to drive out of the regular Republican ranks those Progressives who would probably vote the straight Republican ticket locally, even though they might vote for the Progressive candidates if they had lived on the mainland.

In spite of the attitude of the Territorial central committee there are a great many Republican leaders in the city who are convinced that it will be a good thing to hold the meeting as called and thus open the Republican campaign, and help clear the political atmosphere.

NO REASON FOR IT

You Are Shown the Way Out.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of serious kidney ills when relief is so near at hand and the most positive proof given that these ills can be cured. The following is convincing proof:

L. W. Stapleton, Spring St., Chipewas Falls, Wis., says: "I suffered from sharp twinges through the small of my back, especially if I made an awkward movement. Occasionally I had dizzy spells and black spots floated before my eyes. When Doan's Backache Kidney Pills were brought to my attention, I procured a supply and their use corrected my trouble."

(Statement given in February, 1905.)

A CORROBORATION.

On September 10, 1910, Mr. Stapleton added to the above: "I do not hesitate to repeat in confirming my former endorsement of Doan's Backache Kidney Pills. I have recommended this remedy to many other people and all who have tried it have been benefited."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Holliester Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name, Doan's, and take no substitute.

Yuan Shih Kai Believed Seeking Scapegoat For Executions.

Sun Yat Sen Quits the Winter Capital for the South.

SHANGHAI, China, August 19.—(By Associated Press Cable)—Bowing before a veritable storm of rage at the headless execution of the generals alleged to have been conspirators in a plot to disrupt the Republic, and overturn the administration of Yuan Shih-Kai, the President of China is now believed to be attempting to fasten the blame for the executions upon the shoulders of General Lai Yuen Hing, vice-president of China.

Not even in the dark days of the revolution has public sentiment been stirred as it has been by the killing of these generals, men for the most part who made their names during the fighting with the Manchurian forces in China last winter. Threats of assassination have been pouring in upon the president, and Doctor Sun Yat Sen is reported to be so intensely indignant at what he regards as the murder of the soldiers, that, disregarding veiled hints and warnings, from high quarters, he has left Peking, for the south, where it is said, he will personally investigate the conditions that led to the dispatching of the generals.

Nor has the internal situation following the killing been the only difficulty which has faced President Yuan Shih-Kai. Protests from foreign countries, are said to have added to his embarrassment, and it is reported here that he has been informed that unless assurances are given that never again will such fiendish punishments be resorted to, the foreign governments will be forced to take active steps to maintain peace and order in this troubled country.
